

Employees

Save up to 100% on Transit plus you can save money on...

Auto insurance (switch from All-Purpose to Pleasure)

Vehicle maintenance (less driving means fewer repairs)

Gas (reduce expenses and harmful emissions)

Parking (it's free when you leave your car at home)

Talk to your HR Department...

See about getting the EcoPass at your workplace - you and your fellow employees could save from 5% to 100% on transit. Your company acts as a Sales Agent for Winnipeg Transit and sells the discounted EcoPass directly to you. Your employer subsidizes the cost of your monthly bus pass and you pay the balance.

Consider Park & Ride:

Winnipeg Transit Park & Ride locations are conveniently located at or near most shopping centres throughout the city and are served by Regular and Express buses. Enjoy all the cost saving EcoPass benefits and still have convenient access to your vehicle.

Employers

Do any of these typical parking problems sound familiar?

Insufficient on-site parking for staff and clients

Increased cost of providing free or subsidized parking

Inconvenient or unsafe parking areas

Vandalism to employee vehicles or parking area

The Solution:

The EcoPass is a discounted monthly bus pass offered to employees at participating companies. Companies enrolled in the EcoPass Program have realized substantial savings by effectively reducing their parking related costs.

The Benefits:

Many companies have discovered the EcoPass program solves more than just parking related problems - it's also an excellent incentive for recruiting and retaining employees. Think about the benefits the EcoPass has to offer, then give us a call for more information. We'd be happy to conduct a free, no obligation employee survey to help you decide if the program will work for your company.

How The EcoPass Works...

The EcoPass can cost employers as little as \$3.30 per month for each employee who uses transit. Your company decides on the amount of discount to offer - from 5% to 100%. Winnipeg Transit rebates a portion of this discount back to your company and the employee pays the balance.

It's Easy...

Winnipeg Transit will assist your company in setting up the EcoPass Program (and there isn't much to set up). Your company simply chooses the discount offer and sells the reduced passes directly to your employees. Winnipeg Transit rebates a portion of the sales back to your company to reduce your costs even more!

Additional Savings...

For many companies, the EcoPass is less than the cost of providing free or subsidized employee parking. Your employees will enjoy additional savings by leaving their vehicles at home and taking the bus. And for those employees already using transit - the EcoPass is a great way to reward their environmentally friendly transportation choice!

Lots of Options...

Winnipeg Transit has 20 discount options for your company to choose from... here are just 4 examples of how EcoPass discounts work on a \$82.80 Monthly Transit pass.

Discount	Employee Pays	Rebate to Employer	Employer Pays <small>(net cost)</small>
10%	\$74.50	\$1.65	\$6.65
30%	\$57.95	\$8.30	\$16.55
50%	\$41.40	\$11.60	\$29.80
75%	\$20.70	\$15.75	\$46.35

Your company decides on the amount of discount to offer (from 5% to 100%), Winnipeg Transit rebates a portion of this discount back to your company and the employee pays the balance.

We'd be happy to discuss the program in more detail and help you determine if the EcoPass is right for your employees and your organization.
